

Sandstone Dental's invitation to take part in their Brush to Win program.

Dear Parents,

Sandstone Dental has invited us to take part in their Brush to Win program, which is designed to help your child learn the importance of brushing their teeth daily for good dental health.

To participate in the program children are encouraged to brush twice a day – once after breakfast and once before bedtime. There is a calendar which your child can keep at home and post on a bulletin board or on the fridge. Please encourage your child to brush and floss their teeth twice daily and mark the calendar on each day that they do.

At the end of the month, please complete and sign the form at the bottom of the calendar and send it back to school with your child.

- Individual student prizes – We will randomly draw for 6 individual piggy banks containing 30 loonies each, for all correctly completed calendars. Classmates of the 6 winning students will receive a toothbrush.
- School prizes – We will be awarding 2 participating schools, that have the most entries, with a \$200 pizza party.

This is a fun contest to reinforce good dental habits and I urge you and your child to participate. If you would like extra calendars to be sent home for siblings, just let me know or visit **sandstonedental.ca/btw**. It can be a fun way to get the whole family involved and thinking about the benefits of daily brushing.

If you would like to download brushing tips, learn more about your child's dental health and the Brush to Win program, go to **sandstonedental.ca/btw** and visit the Brush to Win section.

Happy brushing!
